Dear Child Care Provider,

This letter is in regards to the February 18, 2015 compliance check of your Level B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

☐ 110.5(1)a Numbers for each child's parent, physician, and a responsible person are accessible by the phone.

You reported you needed to add a couple of phone numbers, you do have the information ready to go. You can use the form at the back of the packet provided to you at the time of the spot check. I have also included another packet in this mailing for your convenience. It is on page 29.

☐ 110.5(1)n Has a minimum of one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway.

If you decide to use your upstairs area, you will need to add smoke detectors to the bedrooms used by the children, even if it is only for napping purposes.

☐ 110.5(1)n Each smoke detector has been installed according to manufacturer's recommendations.

☐ 110.5(2) A provider file is maintained and contains:

☐ 110.5(2)b Certification by an approved trainer/organization in infant and child first-aid that includes mouth-to-mouth resuscitation. Certification will be maintained throughout period of registration. If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR.

Please make sure you have a current CPR certification. If you need assistance in locating a class please contact Child Care Resource and Referral (CCRR) at 515-246-3560.

☐ 110.5(2)b During the first year of registration – 12 hours of approved training. At least six hours shall be in a group setting. Two of the twelve hours must be health and safety training. A specific training shall not be used to meet requirements more than one time every five years.

Please contact CCRR at 515-246-3560 for assistance. There are also online courses listed on page 11 of the packet of forms which can count towards a portion of the required hours. Please note that some online courses come with a fee.

☐ 110.5(2)b During the second year of registration and each succeeding year, twelve hours of approved training. At least six hours shall be in a group setting. If the provider has documentation of completing the ChildNet, PITC, or Beyond Business Basics series, these hours may be used to fulfill two year's training requirements, not including first aid and mandatory reporter training. A specific training shall not be used to meet requirements more than one time every five years.

☐ 110.5(8) Children's Files

☐ 110.5(8) An individual file is maintained for each child and updated annually or when there are changes. Each file contains:

You did have one file in complete order and indicated you are getting the other files in order. Please double check all your files to make sure they include all of the below information. There are helpful forms in the packet to assist you if need be. It is good practice to check the children's files for current information on their birthday and also at the time of school enrollment each year.

☐ 110.5(8)a Identifying information including, at a minimum, the child's name, birth date, parent's name, address, telephone number, special needs of the child and the parent's work address and telephone number.

☐ 110.5(8)b Emergency information including where the parent can be reached, the name, street address, city and telephone of the child's regular doctor, and the name number, telephone number, and relationship to the child of another adult available in case of emergency.

☐ 110.5(8)c A signed medical consent from the parent authorizing emergency treatment.

☐ 110.5(8)d For infants and preschoolers: An admission physical examination, on the first day of attendance, including past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary. The date of the exam is not more than 12 months before the child's first day of attendance.

☐ 110.5(8)d For school-aged children: On the first day of attendance, a statement of health status signed by the parent or legal guardian.

☐ 110.5(8)e For infants and preschoolers: A statement of health signed by a physician submitted annually.

☐ 110.5(8)e For school aged children: An annual statement of health condition signed by the parent or legal guardian, annually from date of admission physical.

☐ 110.5(8)f A list signed by the parent which names persons authorized to pick up the child, their telephone number, and relationship to the child.

☐ 110.5(8)g A signed and dated immunization certificate provided by the state department of public health.

Please note this is in addition to a physical that is signed off on by a doctor.

☐ 110.5(8)h For each school-age child, record of a physical exam completed at the time of school enrollment or since.

☐ 110.5(8)i Written permission from the parent(s) for their child to attend activities away from the child development home. It must include times of arrival and departure, destination, and person(s) responsible for the child.

☐ 110.5(8)j Injury report forms to document injuries requiring first aid or medical care.

☐ **110.9(1) SPECIFIC REQUIREMENTS FOR CHILD DEVELOPMENT HOME CATEGORY "B"**

☐ 110.9(3)c If the second story or basement are used for childcare, other than the use of a restroom, there is, in addition to one inside stairway, at least one direct exit to the outside.

You reported you are currently using your upstairs area for napping purposes. If you wish to continue accessing the upstairs level of your home you will need to build permanent steps/stairs out of one of the windows upstairs or construct a balcony. You cannot use a throw out the window rope ladder or any other device that is not permanently attached to the house/ground.

You also have the option of changing to a Category A, where the second story/basement levels do not have this additional exit requirement.

You have agreed to discontinue napping upstairs until this issue is resolved.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

☐ Based on the items out of compliance listed above, you will be required to have a recheck or follow up visit to your home. This visit will occur after the 45 day time period has elapsed.

x☐ Based on the items out of compliance listed above, a recheck or follow up visit to your home is **NOT** necessary. However, it is essential you provide documentation to the Department that certifies you have corrected each of the identified regulatory violations and are now in complete compliance with all

Departmental regulatory mandates. Please check mark each of the boxes listed above when the necessary corrections have been completed. By doing so, you certify that you have completed all of the mandated regulatory requirements contained within each identified section.

I certify that I have taken all of the steps necessary to correct each of the identified violations noted above and am now in complete compliance with all of the Departmental mandated regulatory rules.

Please sign and date below, and return this form in the provided envelope by: June 10, 2015.

Always Remember:

Child Care Resource and Referral is an excellent resource for providers to access training options and support in your area. You can reach Child Care Resource and Referral at 1-800-722-7619.

As you plan your future trainings to meet your 24 hours of training requirement, please remember that you need to use only DHS approved training and only 12 hours can be by self-study. You can access the approved training by going to http://www.dhs.state.ia.us/Consumers/Child_Care/Professional_Development.html and you can sign up for training at <https://ccmis.dhs.state.ia.us/trainingregistry/>

All providers need to maintain compliance with rules set out in Iowa Administrative Code, Chapter 110, which includes: 441 IAC 110.5(1): Check with the appropriate authorities to determine how the following local, state, or federal laws apply to you: • Zoning code • Building code • Fire code • Business license • State and federal income tax • Unemployment insurance • Worker's Compensation • Minimum wage and hour requirements • OSHA • Americans with Disabilities Act (ADA).
